Quantum Devices Award - Prof. Gershoni

## THE 2012 ISCS QUANTUM DEVICES AWARD - PROF. GERSHONI

Sunday, 01 July 2012 06:40

With great pleasure I would like to inform you that Prof. David Gershoni will receive the 2012 ISCS Quantum Devices Award

for "pioneering research in quantum optics of semiconductor nanostructures including the first demonstrations of single and entangled photons emissions and coherent access of the dark exciton".

The award will be given during the Compound Semiconductor Week (CSW) to be held in Santa Barbara at the end of August 2012.

Let us congratulate Prof. Gershoni for his achievement.
